## Upholds Earlier Decision

### Communal Property Act Appeal Rejected By Court

The Alberta Appeal Court has rejected an appeal against the provincial Communal Property Act.

The court rejected unanimously the appeal of Hutterites to have the act declared illegal and discriminatory.

The court in a written judgement Monday confirmed the province is within its rights in regulating property and land tenure in Alberta.

Hutterites, a religious set, believe in communal living. The Hutterites, who appealed the law on the ground that it interfered with their religious beliefs, now can appeal this decision to the Supreme Court of Canada.

The appeal was against an Alberta Supreme Court decision.

The upheld decision was that of Mr. Justice J. V. H. Milvain in November, 1965. The appeal court ruling keeps alive charges, laid under the act, against the Rock Lake Hutterite colony, six of its members, and some non-Hutterite farmers, for alleged sale of land in violation of the act.

The charges were laid earlier this year but a stay of proceedings was later entered by the attorney-general of Alberta, pending the disposition of the appeal.

The Edmonton case was argued by Samuel Freedman, the assistant deputy attorney-general of Alberta. Max Moscovitch of Lethbridge and W. B. Gill of Calgary appeared on behalf of the appellant.

The charges arose from the purchase by the Rock Lake colony of farmland near Brant, Alta. The first Supreme Court trial ended when the judge ruled that the communal property act is within the British North American Act.

Counsel argued during the appeal that legislation such as the act is aimed at preventing the spreading of Hutterite colonies in Alberta, and that because holding land is common and maintaining these colonies is a cardinal tenet of the Hutterite faith, the act legislates religion.

The 1947 communal property act derived from the 1942 Land Sales Prohibition Act, in which sale of land to enemy aliens or Hutterites, who refuse to bear arms, was prohibited.

## Arrowwood School Addition Opened

Lt.-Gov. Grant MacEwan was the guest speaker at the official opening of the Arrowwood school addition, held Friday evening, Dec. 9, and officially presented the Governor-General's Medal to Barbara Jean Roberts of Arrowwood, who last term attained the highest marks in Grade 9 departmental exams in the Counties of Vulcan and Wheatland.

Chairman for the evening was Eugene Burris, representative of the village of Arrowwood on the county school committee, and a welcome to the visitors and others present was extended by Arrowwood Mayor Verlyn Culp.

A history of the Arrowwood school was given by Mervin Norton. Officials who were introduced and spoke briefly included Frank N. Thurber, chairman of the County of Vulcan school committee; Edison F. Bardock, superintendent of schools for the County of Vulcan; Gary Bertrand, principal of the Arrowwood school; and A. W. Ratcliffe, superintendent of Indian schools.

The invocation was given by Rev. Irvin Krause and the program included a piano solo by Linda Brown and musical selections by the Grades 5 and 6 pupils.

Following the program the staff

conducted a tour of the school and lunch was served by the Arrowwood Home and School Association.

The new addition, built at a cost of \$166,000, gives Arrowwood a fully modern brick and concrete school containing eight standard classrooms, a science room, library, infirmary and gymnasium. The older portion of the school was built in 1959 at a cost of \$127,000.

Instruction is given to 152 pupils in Grades 1 to 9, including a number of students from the Blackfoot Indian Reserve. The Federal government pays tuition for the

Indian students on the basis of operational costs and is contributing one-third the cost of the school building and equipment.

The staff of eight teachers includes Gary Bertrand, principal; Miss Patricia Lawson, Miss Rosemary Moss, Miss Joy Alliston, Mrs. Ivy Seeley, Mrs. Helen Cockwill, Miss Marie Curry and Mrs. Kathleen Ingraham.

Architects for the school addition were Stevenson, Raines, Barrett, Hutton, Seton and Partners, Calgary, and contractor was Maclean Service and Construction Ltd., Calgary.

LOUISE CAROL CUTFORTH

Mrs. Cutforth, daughter of Mr. and Mrs. R. E. Lundgren, received the degree of Bachelor of Education at the fall convocation of the University of Alberta at Calgary.

A graduate of Vulcan High School, Louise has lived in Calgary since her marriage to Wayne Cutforth in 1960. She has taught at Elboya and Greenview Elementary Schools.

Effective January 1, 1967, retail stores in Vulcan will close at 6:00 p.m., Saturdays and remain open until 9:00 p.m. Fridays.

This amendment to the early closing bylaw received second and third readings at the regular meeting of Vulcan town council Monday evening, Dec. 12. The change from Saturday evening to Friday evening opening has been adopted as the result of a petition of the majority of the merchants and puts night shopping in Vulcan on the same basis as a majority of the city stores.

Also at the meeting, the annual report of the fire department was presented by Fire Chief Bob Johnston and showed that fire fighters and equipment had attended 14 town fires (four of which were at the garbage disposal grounds), 10 rural fires and two fires at Carmangay.

The annual grants were approved and included \$250 to the Vulcan Lions Memorial Swimming Pool and \$25 each to the CNIB, St. John Ambulance Society, Canadian Red Cross Society, the Salvation Army, Wood's Christian Homes and the Vulcan Boy Scouts.

### Santa Claus Back Again To Delight Youngsters

Two institutions which have become traditional to the Vulcan Christmas scene are the downtown Christmas tree and the appearance of Santa Claus and both were on hand and thoroughly enjoyed once more last Saturday afternoon.

Between 1100 and 1200 bags of goodies were distributed by Santa and his helpers during the five hours span of his visit. It took three healthy chaps, Earl Galloway, who is always Santa's guide

around town, Mel Burgess and Wally Franks, all members of the Elks Lodge, to keep up with the jolly friend in his tour of the town following the session at the tree.

Santa's order of mild weather for the occasion was followed beautifully and a light chinook which came in Friday night brought youngsters out by the hundreds. At 2:30 the air was

## Majorville Pioneers Celebrate 50 Years

Mr. and Mrs. W. F. Kiemele, long time residents of the Majorville district and now making their home in Vulcan, whose 50th wedding anniversary was on Monday, Nov. 21, celebrated Sunday, Nov. 20 with a family dinner at the Club Cafe followed by open house

in the basement of the Lodge Hall.

Present to help celebrate this happy occasion were 10 of the couple's 11 children and 25 grandchildren. One daughter, Mrs. Hazel McDonald and her four children of Williamsford, Ont., were unable to attend. Friends and relations from Vulcan, Calgary, Shouldice, Cardston, Milo, Majorville and Lomond gathered to honor the happy couple on this joyous event.

Gifts and cards were displayed. Among these were greetings from Premier Manning, Lieut. Gov. Grant MacEwan and Prime Minister Pearson and a telegram on behalf of Governor General Vanier.

Alf Heather presented the couple with a purse of money on behalf of the people from the Majorville and Milo districts, and added much to the event with his witty and timely remarks. All then joined in singing "For they are jolly good fellows" to bring to a close a very enjoyable afternoon.

The immediate family members present for this happy occasion were as follows: Louis and daughter Mrs. Wendy Hanson, Mable and James Vare and five children, Bill and Edna and six children, Delbert and LaRene and 5 children all of Cardston, Melvin and Phyllis and daughter Sandra of Lethbridge, Margaret and Paul Ost of Lomond, Beatrice and Robert Hatley and 4 children of Raymond, Alfred and Rose and daughter Connie of Milo, Joan and Steve Semach and 2 sons of Lethbridge and Keith of Milo.

## Sunshine Club Holds Party

On the evening of Dec. 6th Dr. and Mrs. Fred Schneider were hosts to the ladies of the Sunshine Club and their husbands, in their home.

A most enjoyable program was provided. George Hartung gave an interesting commentary and showed excellent slides of Chicago, and a variety of other slides taken including the Vulcan parade. Then Dr. Fred Schneider showed movies of a trip to New York, the Seattle World Fair and Vulcan Kiddies parade. Neil Giles entertained by playing a number of carols on the piano.

There was a novel exchange of lovely Christmas gifts followed by a delicious lunch served in the Yuletide theme by the hostess and assistants which concluded our memorable party.

The January meeting will be held at the George Hartung home.

During the ceremony performed by Rev. E. Read, Ben Gilbrie sang the Wedding Prayer.

A reception for about 100 guests was held in the Innisfail Christian Education Building. James Chatenay was master of ceremonies and Dave Munro, uncle of the bride, proposed the toast to the bride, to which the groom ably responded. Victor Gateman proposed the toast to the bridesmaids.

In Europe, folk legend credits the hedgehog with being a weather prophet.

**MICROSCOPE IN DEPTH.** Mr. Richard L. Gregory, Chief of the Department of Experimental Psychology at Cambridge University in southeast England, who is regarded as one of Britain's leading research scientists, is seen here using his recent invention—the Solid Image Microscope.

This microscope, hailed as one of the greatest advances in microscope, will enable man for the

first time to see a specimen as a whole in three dimensions... hitherto impossible because of focusing difficulties. The Solid Image Microscope, which changes the focal distance through the specimen 10 times a second—a rate imperceptible to the human eye—allows the operator to study more than one plane of a specimen at a time.

or useful.

This particular portion showed the effect of different rates of gain during the winter on steers which were to go onto grass next summer. The three groups were fed to gain one-half pound per day, one pound per day and one and one-half pounds per day over a winter feeding period of 193. The long and the short of this was that it took twice as much feed to put a pound of gain on an animal gaining a half a pound a day as it did when the animal was gaining at the rate of one and one-half pounds per day. This difference was in the same ratio when costs were considered. The slow gainer cost \$27.30 per hundred pounds of gain while the ones which were fed to gain quickly had feed costs of only \$14.05 per hundred pounds of gain. That's right, it took only half as much feed to get the same gain.

When these animals were placed on pasture for 137 days the advantage continued in favor of the animals in the group fed to gain one and one-half pounds per day.

The total returns per steer after paying for the winter feed costs was over \$13.00 per head in favor of the faster gaining group.

One of the conclusions that can be drawn from these facts is that it would appear that calves wintered through and turned back to pasture should be fed to gain from 1½ to 1½ pounds per day during the winter feeding period. This will keep the costs of winter gains at a reasonable level. A second conclusion is the longer the overwintering period is in relation to the grazing period the smaller the advantage.

This type of information is useful and interesting because it is backed up by research conducted right here in Alberta. If you would like a copy just contact this office.

#### NEWS FROM BLUNT'S NURSING HOME

Christmas festivities have commenced for the patients and staff of the Blunt's Nursing Home.

On Saturday, Dec. 12 Santa Claus visited at our home and was rewarded by the smiles that wreathed every face. Thanks for those treats Santa.

The monthly staff meeting took the form of a Christmas party on Dec. 5th. An evening of games, entertainment and a lovely buffet lunch was enjoyed by the members of the staff and guests. The evening was under the direction of the staff association with Mrs. Keith Aikens as master of ceremonies. During the evening the president Mrs. Sandberg presented Mrs. Minty and Mrs. Giles with lovely corsages and the residents of the home were given a beautiful arrangement of artificial flowers by the staff members.

The residents are enjoying the portable transistor record player donated to the home by the Vulcan Lionettes and wish to say thanks to the ladies.

Further gifts of money for the buying of records have been received from Max Morrison, the FWUA of Milo and Queenstown and from the Bethel Lutheran Ladies Guild Ensign for which we are all grateful.

The past week the home has had many welcome visitors, from Edmonton, Calgary, Wetaskiwin, Milo, Blackie, Nanton, Portage La Prairie, Lomond and Vulcan. They brought cheer to all.

The staff are sorry to see Mrs. Jackie Douglas, who has moved to Cranford, leave our staff and welcome Mrs. M. Heer and Mrs. A. Christofferson to their new duties.

Milk and Cream Shippers

A few days ago a caller to my office asked for information on the Federal Milk Payment. The most important thing to remember is that you as a milk or cream producer must apply for this equalization payment. Your creamery or milk plant manager has a supply of Agriculture Stabilization Board registration forms.

If you have not filled out the form and are a milk shipper you may be missing out on a direct federal government payment to producers of 85c per hundred weight of milk, basis 3.5% butterfat minus 10c levy to finance the export of dairy products.

The unregistered cream shipper may be missing out on 21.43c per pound of butterfat direct payment.

Cattle Feeding Operators

I suppose at any one time there are only a very few farmers who are feeding cattle for the first time. However basic information is very seldom out of place even amongst experts. What I'm leading to is simply this: we have just received a number of copies of a booklet of Cattle Feeding Operation. The information that it contained in this publication is based on Western Canadian research and practical experience. It's especially gratifying to find a bulletin which is primarily about Alberta and written by Albertans.

An example of some of the material follows. I've picked out one which I'm interested in, perhaps you would find some of the other information more interesting

## Keystone Class Sees Slides Of Jamaica

The December meeting of the Keystone Class was held at the home of Mrs. Donald Smith with three visitors.

Letters were read from Jamaica missionaries which were much enjoyed. Anyone saving stamps can send them to Mrs. C. W. Anderson Jr., Langdon, Alta. Fifteen dollars was sent to Alberta Bible College. Miss Ware showed slides of her trip to Jamaica which were much enjoyed.

As this was the Christmas meeting it closed with the Christmas pie draw and a delicious lunch.

The next meeting will be held at Misses Mildred and Nettie Ware.

### THE CHRISTMAS MESSAGE

There are two different accounts of the reception of the Lord Jesus when He came to this world some 1900 years ago. The first to welcome Him were a company of shepherds who came to seek A SAVIOUR. They found an infant in a stable and brought Him only their worship.

The second group to welcome Jesus were wise men, scientists, wealthy men from the East who came seeking A KING. Therefore they came to Jerusalem, the city of the King. They found not an infant but a "young child," a lad—

not in a stable but in a house. The shepherds found a newborn baby—just a few hours old; the wise men found a "young child," a toddler, possibly two years of age. The shepherds had no gifts to bring, but the wise men brought the costliest presents: gold, frankincense and myrrh.

The lesson in these two visits is found in the announcement of the two events. The angels announced a SAVIOUR, the star announced a KING. These suggest immediately the two comings of Christ—His first coming and His second coming. The first time He came as a Saviour, poor and with no room for Him in the inn. Recognized only by a few shepherds—He was The Rejected One.

The record in Matthew, however, proclaims the good news of the Second Coming of Jesus as the King of Kings—to receive the royal reception of all who are wise in heart. The first coming of Jesus is incomplete without His second coming in triumph. Only as you own Him as Saviour will you be ready to greet Him as King!

Some tourists look at scenery, others see it.

**GUNSMOKE.** With professional aim this youngster is shown at the shooting gallery which was part of the children's attractions featured at the recent Gay Nineties carnival held at the Armouries. Also in the photo is Bradley Walker whose mother Mrs. Shirley Walker and other members of the Vulcan District Recreation Centre, sponsored the carnival.

## Santa Clause

(Continued From Front Page)

filled with excitement as Santa sailed down main street in his sleigh and became immediately engulfed in pint-sized humanity.

Ten minutes later, just as the first wave of children were getting the word from Santa, the hundreds at the first theatre showing came out and the fun really started.

With the help of Kinsmen, Legionnaires, Elks and Lions, co-sponsors of the event, bags of candies were passed out to everyone and soon the way was clear for Santa's next stop, the Vulcan Municipal Hospital. There young, and old and nurses too, received a friendly hug and hello from old St. Nick.

Also remembered was the newly opened Blunt's Nursing Home next door and many of the patients gathered for Santa's first visit in the lounge, while those confined to bed received their touch of Christmas in a personal visit from their long-time friend. Santa's benevolence caused a little scurrying by nurses who had to check to see that diets would not be affected by the contents of the bag given each patient.

A series of home calls to elderly shut-ins and ailing children preceded Santa's final stop of the day, the Peter Dawson Lodge. The spirit of Christmas and friendship is no where more evident than when Santa makes the rounds among his friends of these and bygone years. As usual the party wound up with a carol sing-song with Mrs. Vaughn at the piano and Santa and his helpers leading the way. There were some who thought the helpers were out of their element in this department but what they lacked in artistry they made up for in volume and it was all designed to generate a Merry Christmas wish, which it did.

The erection of the Christmas tree became a problem this year. The project was begun the previous Sunday but the bitter weather prevented volunteers of the sponsoring organizations from placing the lights. Through the week conditions didn't improve so a work party put up the majority of the lights previous to Saturday and the job was completed over the weekend.

(Continued From Front Page)

Programs for the coming year were discussed and members signified their preference as to months they would like to entertain. A meeting to make more detailed plans will be held at the home of Mrs. Frieda McRoberts.

At the conclusion of the business session the meeting was turned over to Mrs. McRoberts who was in charge of the afternoon's program. She asked Mrs. V. Vaughn, a guest, if she would accompany the members on the organ, in the singing of Christmas carols. Mrs. McRoberts and Mrs. Sales each gave a suitable reading for the occasion.

A Christmas Pie was then opened and members exchanged small gifts and best wishes.

To conclude the afternoon's entertainment a delicious hot luncheon was served by the hostesses. The table and rooms were very tastefully decorated in the Christmas theme.

The January meeting will be held at the home of Mrs. Sales.

## The Weather

A Chinook brought fine weather to Southern Alberta last weekend and warmer temperatures continued early this week. On Tuesday the mercury was in the high 40's and water was running in the streets as the snow melted.

## Members Exchange Christmas Gifts

The Good Deeds Women's Institute held its December meeting at the home of Mrs. Harry Smith where eleven members and two visitors gathered.

The new president, Mrs. George Dingwall, opened the business meeting. The minutes from November's meeting were read by the secretary, Mrs. Bob Hutton. Correspondence was light: a thank-you note from Mr. and Mrs. David Wylie, an acknowledgement for gifts to the apparel shop at the Ponoka Mental Institute and a letter from the local Christmas Aid Fund to which the group will send its usual donation.

The only new business was a draw for new Sunshine Friends for 1967 and Mrs. Bob Hutton volunteered her home for the January meeting.

The group welcomes a new member, Mrs. Grace Campbell of Vulcan. The members exchanged Christmas gifts, thereby discovering who had been their Sunshine Friend all year, as usual many were surprised. Gifts of appreciation were presented to the officers and candy bags had been prepared by Mrs. Grace Smith and Mrs. Robina Hutton for the children.

The tea raffle was won by a visitor, Mrs. Emma Matlock, after which a tasty, colorful salad with buns and pickles followed by cakes and Christmas cookies was served

by the hostess, assisted by Mrs. Robina Hutton, Mrs. Bob Hutton and Mrs. Norman Whitehead.

## Catholic Church Visited By Hi-C Group

On Nov. 28, the Vulcan United Church Hi-C visited St. Andrew's Roman Catholic Church.

Father Wm. MacCallum spoke to them on the Roman Catholic Church and certain changes which are taking place, showed his vestments and described briefly their service. Douglas Grant, the president of the group expressed their thanks.

On Sunday afternoon, Dec. 4, the group enjoyed an afternoon of tobogganing, following which they went to the home of Mr. and Mrs. Pat Roe where hot dogs and pop were enjoyed.

Mr. and Mrs. J. V. Christensen and Mr. and Mrs. A. Cutforth are counsellors for the group. Their present plans are to go carolling the evening of Dec. 23.

# THE TWO BEST BEERS IN THE HOUSE!

## Lethbridge Pilsner

Many people like the happy taste of our own home-grown hops in Lethbridge Pilsner — a blend of several fine brews in the best Bavarian tradition. The brewmaster adds just the right amount of whole grain pearl rice to give a subtle "extra" to the choice barley. Lively-tasting Lethbridge Pilsner, truly satisfying beer!

## Lethbridge Beer

Premium Lager

Two great brews from SICKS' LETHBRIDGE BREWERY LTD.

## Lethbridge Lager

Many prefer the mellow taste of the malt in bright and bracing Lethbridge lager beer — often called "bridge." Here's a naturally-aged, smooth lager brewed with a special yeast culture, then micro-filtered for extra-refreshing clarity and flavor. Bright, thirst-quenching lager beer at its best... that's "bridge!"

Falcon Futura

This year's Fords are quieter because they're stronger, stronger because they're better built. The '67 Fords are even quieter than the '66's—and '66's proved quieter than one of the world's most expensive cars. This is the result of quality. And it's this quality that makes a Ford-built sedan better value than other cars. So when you buy one, you know you're getting a car that's worth more. One that's built stronger and lasts longer.

Ford sedans are the Quiet Ones, with the famous quiet ride. The quietness is the first thing you notice when you drive one and it's wonderful! These sedans have the solid worth that makes all the other features meaningful; the stylish appearance, the luxury touches, the roomy comfort—and one big Ford advantage you'll notice right in the showroom: the trunk has one of the lowest lift-over heights of any car.

Fairlane sedans are the middleweight champions. They're big, they're roomy. And they're performance packed! You'll find them easy to handle and a joy to park.

Falcon sedans are the limousines of the compacts. They're easy to buy, economical to operate. And you'll be amazed at their performance. Falcon has two V-8 options this year. Take any one of these Ford-built sedans for a test drive. See what a difference Ford's extra quality makes.
